DR. POOLE introduces officers of the Olin Foundation at the dedication of the new Ceramics Building.

WALTER COX and MR. LEPPARD discuss the memorial dedication, held at the Calhoun Mansion, to the site of the first meeting of the Board of Trustees at Clemson.

## BOARD OF TRUSTEES

The legislative body of the college, provided for in the will of Thomas G. Clemson and later passed by the Legislature of South Carolina, is the Board of Trustees. The policies expressed by the Board include laws for the school, government, expenditure of its funds, and approval of its courses of study. The Board does not undertake to direct details of administration; although, it does lay down the general policy. The administration of the college is controlled by the president, who is chief executive and administrative officer of the Board.

Clockwise: DR. R. F. POOLE, President of the College; F. E. COPE, BEN T. LEPPARD, C. E. DANIEL, PAUL SANDERS, W. A. BARNETT, T. B. YOUNG, J. F. McLAURIN, J. B. DOUTHIT, A. J. BROWN, Secretary; R. M. COOPER, Chairman. Absent: J. F. BYRNES, E. A. BROWN, T. W. THORNHILL.

Clockwise: WEBB, METZ, HUNTER, BROWN, WATKINS, HILL, POOLE, TULL, WERNER, KINARD, WASHINGTON, FARRAR, SAMS.

## DEANS AND DIRECTORS

The Board of Deans and Directors constitutes an advisory board for the president and meets every Monday or at the call of the president. At these meetings, the Board contributes to the president ideas pertaining to the various schools and divisions.

DEAN KINARD consults A. J. BROWN prior to a Monday meeting of the Deans and Directors.

MR. METZ discusses important school policies with DEAN HUNTER and MR. VICKERY.

# DR. POOLE

DR. POOLE enjoys the haltime meeting at the annual Carolina-Clemson game.

One of the more enjoyable duties of DR. POOLE is presenting the bouquet to the South Carolina Maid of Cotton.

Always an impressive affair to the freshman is the drop-in held by DR. POOLE at the beginning of each year.

The President settles one of the many problems confronting the school with an informal chat with DEAN FARRAR.

## THE PRESIDENT

Dr. Poole, President of Clemson College, has done much to promote our school throughout the nation. His is the burden of wrestling with budgets, making appointments, and performing all the administrative work that goes into the running of a large institution such as Clemson.

The office girls, who go unnoticed but contribute so much to the efficiency of the school, enjoy a five-minute break at the Juice Shop.

## THE ADMINISTRATION

A. J. BROWN, Treasurer of the College, has the never-ending task of handling all the financial affairs for the school. Trusted with a very important position, he has done a wonderful job of keeping "tab" on the tuition of thousands of students.

MRS. WHITMIRE handles all of the accounts for student activities at Clemson. Because of her intense interest and efforts the problems confronting the many organizations are easily taken care of.

The director of student activities, MR. G. H. HILL, lends a helping hand to the school publications and also serves in the dual role of assistant business manager.

MR. HENRY HILL, housing project manager, is responsible for keeping a roof over the heads of the married students on the campus. He also helps to house many of the professors here at Clemson.

The responsibility for handling all of the records, curricula, and grades of the students belongs to the registrar, MR. G. E. METZ. The registrar's staff handles the ordering of diplomas and approves the distribution of the seniors' rings.

The vast job of handling the money and expenditures of Clemson falls to the hands of MR. J. C. LITTLEJOHN. In addition to his regular duties of keeping track of salaries and expenses, he is also burdened with the problems incurred by the expansion program.

The assistant registrar, MR. K. N. VICKERY, helps to coordinate the many duties of the registrar's office.

MR. TRESCOTT HINTON has the treasurer's office running smoothly and works to keep the books in order.

# PUBLICITY

WALTER COX, Assistant to the President, has contributed much to Clemson's growth. His personality, friendly smile, and warm feeling toward the Clemson students and alumni, and his foresight in laying long-range plans of activities for Clemson make him one of the outstanding administrators on our campus.

A vital and much-needed activity is the publicizing of our athletic program at Clemson. This position is well filled by BRENT BREEDIN, who displays a keen ability to sum up the athletic situation at Clemson and have it published throughout the country.

GENE WILLIMON is a good will ambassador to the members of the Iptay. He stimulates interest in the athletic program at Clemson by making speeches and showing films throughout the country.

JOHN CALIFF, director of the News Bureau at Clemson, keeps a complete record of the alumni activities and edits the "Alumni News". Uncle John, who is also advisor to the TAPS, lends a sheltering wing to keep the TAPS boys in line.

BARBARA HATTAWAY gives MR. LITTLEJOHN "a ring" to get some "info" and keeps the business manager's office rolling smoothly.

ELIZABETH GRIFFIN has no easy time of it making sure that every one has a good seat at all athletic events. Her help in the ticket office is indispensable.

MR. BERRY, the man in the IBM room, handles all the records at Clemson and is the one who sends "blue slips" home to the family.

PATSY PLAYER, one of the popular secretaries, takes a break between keeping the treasurer's records straight and her "hubby", Sammy, off the golf links.

These two attractive tellers in the student bank discuss ways to save the troops a few nickles and dimes.

## WORKERS

RODGER and WALTER . . . Vets . . . two faces  
always seen through the Juice Shop window . . .  
anything to eat—they have it.

DR. TAYLOR . . . bachelor by choice . . .  
known for his strict schedule . . . bottles,  
spoons, and fountain pens in pockets . . .  
tremendous pipe . . . witty and good  
natured.

BETTY MOORMAN . . . cashier at student bank . . . friendly smile  
and free with the cash . . . frequently seen in the Juice Shop.

## FAMILIAR FACES ON THE CAMPUS

DAVE MOOREHEAD . . . "Warhead"  
. . . charter member of Clemson . . .  
hustler and organizer of the rebirth of  
Clemson spirit.

DAN . . . the Man!!! . . . double or nothing for a  
hamburger . . . good to the troops . . . Kluttz's protégé.

- Botany
- Dairy
- Entomology
- Horticulture
- Poultry
- Pre-Forestry
- Pre-Veterinary

Clemson's Agricultural School, which is already recognized as one of the foremost in the nation, is in the process of expanding even more. New departments are being added, and new buildings are going up to train the student for future work in the fields of business, research, industry, and farming.

The ag major is greeted his freshman year in Long Hall with Botany and suffers with the others through English, Math, and Chemistry.

The pains increase during his sophomore year with Mauldin's Organic Chemistry, Frog's Zoology, and Lehotsky's Farm Forestry plus Literature and Physics. Still the ag student hasn't seen much of farming, but the foundations are being laid.

As a junior, he begins to branch out into his chosen field, moving into the Lord's fold, the Dairy Building, Education Building, or any of the others. He examines the agar in Bacteriology, runs the genetic gauntlet, works fertilizer and feed problems, and moves in to the bees and blossoms.

As a senior, he at last gets down to the work he has chosen for himself. He finds that his time is well taken up with seminar reports, theses, labs all week, and outside activities. The finishing touches are put on feeding, judging, ice cream manufacturing, soil and fertilizer analysis, fruit growing, bug killing, and the solving of agriculture's economic problems.

first row: AULL, PADDEN, NATHEWS, ARMSTRONG, FARRAR, JONES, MUSSER, COLLINGS, STARKEY. second row: BENNET, WARE, SEFFIC, COOK, MELSKE, ROSENKRANS, GOODALE, BAUKNIGHT. third row: WARRENHOFF, JONES, RUSH, TODDY, SIMPSON. fourth row: LEHOTSKY, YOUNG, KING, PURSER, DUNAVAN, SHELLY, RUTLEDGE, FERRIER. fifth row: BONDS, SEWN, GODLEY, SCOTT. sixth row: SWELL, McLEOD, CRAIG.

Notes taken in the "zoo" lab surely are helpful for making lab reports and studying for future quizzes.

# SCHOOL OF ARTS AND SCIENCES

- Arts and Sciences
- Industrial Physics
- Pre-Medicine

The School of Arts and Sciences, under the guidance of Dr. F. M. Kinard, provides a well-rounded education for those whose interests incline toward the field of liberal arts, as well as technical instruction in pre-medicine and industrial physics.

Students take English, math, physics, history, economics, and a foreign language to acquire a broad education to prepare him to become an intelligent person. After two years of these basic courses, the A and S major can settle down in one of these courses and continue his study in this one field.

With such professors as "Doc" Taylor and John Lane in the English Department, "Wally" Trevillian in the Economics Department, "Psycho" Waite and Frank Burtner in the Sociology Department, Dr. Huff in the Physics Department, and Professor Tuttle in the History Department, the student finds that by graduation he is proficient and well versed in his chosen field.

first row: EPTING, COX, KINARD, SHEDDON, HUFF, RHYNE, BELL, WILLIAMS, WAITE. second row: BIGGS, WOOD, GRIFFIN, McINTOSH, OWINGS, GUILDS, GREEN, SULLIVAN, HARDEN, LaGRONE. third row: BOLEN, KELLY, WEBB, VAUSE, CARPENTER. fourth row: STOCKMAN, HIND, DAVIS, LANDER, MARTIN, CRAWFORD, VOGLE, SLOOPE, PURSER. fifth row: KIRKWOOD, HOLT, WILSON, WINTER, LANE, REED, MILLER, LINDSEY, BREWSTER. sixth row: GREEN, McGEE, TAYLOR, STANLEY, FELDER, PARK, SHACKLEFORD, REED. seventh row: BAIR, TREVILLIAN, BURTNER, ARMSTRONG, WOOD, BROWN, TUTTLE, COKER.

## SCHOOL OF CHEMISTRY

- Agricultural Chemistry
- Chemistry

As the years go by, the School of Chemistry is becoming larger and more important. Now housed in a large, modern building, it contains the most up to date equipment available in accordance with the vast program now under way.

Few courses for the beginner differ from those taken by other majors. His chemistry 103 and 104 may be more detailed, but the English and math are the same as for other majors.

With the addition of a deuce on his collar, the sophomore has to face "Quan" and "Qual" analysis with "Doc" Schirmer in addition to calculus and English "lit."

If he should survive these two years, he has yet stiffer obstacles to surmount. "Doc" Rhyne's German, in addition to physical chemistry, show the future chemist how complicated the realm of the unknown can be.

After the years roll by and the chemist puts on his gold braid, he can enter his last year feeling that he has had the best training available and has well deserved the sheepskin that he has struggled so long to acquire.

first row: POLK, SCHIRMER, HUNTER, HOBSON, BROWNLEY. second row: MITCHELL, SMITH, AALLEY, DINWIDDIE. third row: JACKOBS, FERNANDEZ, DAY, STEELE.

## SCHOOL OF EDUCATION

- ① Education
- ② Industrial Education
- ③ Vocational Agricultural Education

Men who desire a teaching career after graduation would be listed as students in the School of Education. The prospective graduate takes many courses in the other schools during his first two years in this varied curriculum—taking subjects from Botany and Chemistry to Calculus and Physics.

During the junior year, the student finds on his schedule Educational Psychology and other advanced courses in his chosen field.

As graduation rolls around, and all the courses are completed, the senior gets six weeks of practice teaching in the surrounding high schools and is well prepared to meet the teaching profession.

first row: WASHINGTON, McGARITY. second row: MONROE, STIBLING, KIRKLEY, WHITE. third row: BOOKER, BROCK, GENTRY. fourth row: LOVETTE, BOWEN.

## SCHOOL OF ENGINEERING

- Agricultural Engineering
- Architecture
- Architectural Engineering
- Ceramic Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Mechanical Engineering

Clemson's School of Engineering, under the direction of Dean Sams, is rapidly becoming one of the best in the south. With the guidance and direction of good professors and the best equipment, the engineering graduate is practically assured of employment with one of a number of firms sending representatives to Clemson.

The freshman engineer tackles the fundamentals of engineering with English, Polk's Chemistry, "Heat and Beat," and mechanical drawing.

The sophomore selects his particular branch and takes in physics, calculus, his first mechanics course, and for some, machine shop. He is, during this year, introduced to the "slipstick" which will be used in all engineering courses to follow.

As a junior, the engineer hits more mechanics, "double E," and varying amounts of "thermo." He begins to burn the midnight oil to make the deadline for lab reports and architectural drawings.

By the senior year EE's are exploring electronics, CE's have built the big bridge, the architects are designing churches, ag engineers are wrestling with chemical plants, ME's are designing turbines and condensers, and the ceramic engineers are getting a great benefit out of their new Ceramics Building.

first row: RION, LOWRY, MARSHALL, SAMS, GLENN, GATES, ROBINSON, MEANS, TRIVELY. second row: STAKELY, LITTLEJOHN, WATSON, GATES, FREEMAN, BANISTER, SHIGLEY, DOYLE, McHUGH, BERNE-ALLEN, ELLER. third row: BYARS, BROCK, COUCH, GUNNIN, HUNTER, BRADBURY, FORD, RAUSCH, HUMPHREYS, HUGHES, POSTRON, BAINBRIDGE, YOUNG. fourth row: SUTTON, POE, BALL, ADAMS, MOORMAN, GOODIN, GLENN, NOWACK, LINGLEY, STENSTROM, LONG, EDWARDS, JONES, MEEKS.

As a required course for freshmen, the rats sweat out a tough drawing which requires a great deal of ingenuity.

## SCHOOL OF TEXTILES

- Textile Chemistry
- Textile Engineering
- Textile Manufacturing

Clemson's School of Textiles is constantly enlarging its curriculum to better prepare itself for the rapid advancement of the Textile industry in South Carolina.

Today, more than ever, there is a growing need for capable men to fill the many positions open in the Textile field. The School of Textiles is divided into three main departments: Textile Engineering, Textile Chemistry, and Textile Manufacturing.

The Textile Engineering course prepares the graduate to enter the research and development field. The course in Textile Chemistry prepares the student for such work as coloring, dyeing, printing, and finishing of yarns and fabrics, plus the manufacturing and sale of dyestuffs. Textile Manufacturing is for those who would like to enter the production and management phase of the industry. All these men are well prepared and capable for rapid advancement in textile plants wherever they might settle.

The "lintheads" start out in TM 101 under "Heels Beels" Wilson, taking up the general features of textile manufacturing. With the second year comes "cards" and "Mumbles" Marvin. The junior year finds the textile student struggling with fabric analysis and "Uncle Bud" Cartee. Finally in the last year, there is costing and microsposity with "Speedball" Campbell and "Happy John" Edwards.

first row: RICHARDSON, McKENNA, WHITTEN, BROWN, LINDSAY, WILSON. second row: HUBBARD, WILLIAMS, TARRANT, LANGSTON, BRAZEALE, LAROACH, CAMPBELL, WALTERS, GRAHAM. third row: THOMPSON, MARVIN, JAMESON, HEYN, CARTEE, EFLAND. fourth row: LOVELESS, CARSON, HENDRIX, GAGE.

W. B. WILLIAMS

... makes loom fixers out of sophomores ... "now boys, watch the shuttle!" ... always has good advice for the students.

J. L. THOMPSON

... "Pickerman" ... teaches sophomore "pickers" ... former Regimental Commander at Clemson ... gives the students a square deal.

T. A. CAMPBELL

... "Speedball" ... "next page and you're two weeks behind" ... teaches seniors lacts about costing.

R. J. BREAZEALE

H. B. WILSON

... "Heels Beels" ... interested in school activities ... teaches roving ... cracks a few good jokes.

The laboratories of the Textile School are all modern and well equipped, giving the students ample opportunity to develop textile methods.

The library, a place for higher learning, is where the graduate students spend much of their time.

## THE GRADUATE SCHOOL

Graduate students spend much time out of class preparing themselves for their graduate degree.

The graduate school at Clemson offers work towards degrees in electrical, civil, and mechanical engineering, mechanics, physics, most departments of agriculture and all departments of education.

Heading this school is Dr. H. J. Webb, a Clemson graduate and formerly chief toxicologist in the Department of Fertilizer Inspection and Analysis here.

PETE COOK does a little research in the Textile Department.

# GOVERNMENT

LAWRENCE GRESSETTE  
Student Body President

## EXECUTIVE COMMITTEE

The Executive Committee, which helps to direct the policies of the other branches of Student Government, is composed of the President of the Student Body and the four class Presidents. The committee meets at the convenience of the Executive Committee chairman, Lawrence Gressette, who is President of the Student Body.

LAMAR NEVILLE  
Student Body Secretary

HUGH HUMPHRIES  
Senior Class President

ALLSTON MITCHELL  
Junior Class President

KENNETH ENOS  
Sophomore Class President

JOHN DUFFIES  
Freshman Class President

ALLSTON, LAWRENCE, and HUGH get together for a conference to discuss problems confronting the Student Body.

# STUDENT ASSEMBLY

The Student Assembly, which recommends and promotes legislation beneficial to the Student Body, is composed of members of all of the classes and representatives from the Council of Club Presidents. The activities of the assembly are made known to the students through a column published in the "Tiger" which is written by one of the members after each meeting.

STEVE GRIFFITH  
Student Assembly Speaker

DAVE, SAM, and STEVE talk informally to the guest speaker of the Assembly, MR. WILLIAM JENNINGS BRYAN DORN, member of the House of Representatives.

The members of the Student Assembly take time out from their formal meeting to pose for a picture.

STEVE, the Council's prosecuting attorney, gives LAMAR, JOHN, and RONALD some pertinent "poop" on the next case to be tried by the Council.

## SENIOR COUNCIL

The responsibility for justice in the Student Body is invested in the Senior Council which is the Judicial Branch of the student government. It is the duty of the Senior Council to recommend to the President of the College disciplinary action for any conduct which tends to bring discredit upon the student body or the college. Cases of a military nature may be reviewed by, or appealed to the Senior Council which makes the final recommendations. The Senior Council is composed of seven members elected by the student body and two ex-officio members. The ex-officio members are the Vice-President of the Senior Class and the highest ranking officer in the Cadet Corps.

## SENIOR

Eat up, boys . . . it doesn't taste as bad  
as it looks.

The start of a cross country run down in  
Miami. Who's showing what?

The textile boys take time out in the Phi Psi room for a coke before going back to ab.

## INFORMALS

The Senior Platoon falls in after dinner for a quick pep meeting—by rookies request.

Better watch what you say BEN, OSCAR is listening.

"Not quite as good as mom  
could do."

Talking it up for the MS  
department at Mother's day.

It seems as if half the band boys turned out for the awkward squad.

A little glamour goes a long way at Clemson, JEAN.

"Do right and fear no man, don't write and fear no woman."

## TROOPS AT EASE

# MILITARY

## ARMY ROTC

The "men in brown", headed by our new Commandant, Colonel R. J. Werner, deserve much credit and praise for their tedious work of regulating the disciplined life of the Clemson Corps of Cadets. To them are entrusted the most important and vital years of a young man's life. Their many years of service have taught them how to apply the basic fundamentals of life and the principles of the art of how to give and take orders correctly. Theirs has been a commendable job and they warrant only the highest of praise for their part in the operation of one of the largest and finest military colleges in the nation.

COLONEL R. J. WERNER

COLONEL WERNER and MAJOR HAMLIN entertain a visiting General.

first row: CAPT. H. H. McCURLEY, MAJ. W. E. NYGARD, LT. COL. N. G. READ, COL. R. J. WERNER, LT. COL. W. D. CAVNESS, MAJ. J. I. HAMLIN. second row: CAPT. C. A. FITZGERALD, CAPT. M. K. # AIR FORCE ROTC

The Air Force branch here at Clemson has contributed much to the welfare of the college and the regular Air Force in the form of well-drilled and disciplined officers.

Headed by Colonel L. H. Tull, a medium-sized compact staff of handpicked officers are responsible for a large portion of the Cadet program. If it were not for their excellent instruction our graduates would not be of the high calibre necessary for our future leaders.

COLONEL L. H. TULL

COL. TULL gives a few helpful pointers during one of his frequent tours of the drill area.

first row: MAJ. R. L. ALLEN, LT. COL. K. E. CARPENTER, COL. L. H. TULL, CAPT. J. R. AUSTELL, MAJ. E. L. MOORE. second row: CAPT. P. L. CLEMENTS, LT. B. C. LUNA, CAPT. R. F. MARTIN. third row: M/SGT. W. E. SLIVKA, S/SGT. H. H. DALLAS, T/SGT. E. B. STEPHENSON, T/SGT. J. S. HALLFORD. fourth row: M/SGT. G. M. CRANE, S/SGT. E. J. BURKE, M/SGT. J. M. FINCH.

# THEIR GUIDANCE GAVE US THE INITIATIVE

LT. COL. HICKS, a pleasing personality to all who meet him, is known for his expert suggestions and is always ready to help the troops.

The men on these pages are just a few of the many stationed here at Clemson. Guided by two highly qualified men, Col. R. J. Werner of the Army and Col. L. H. Tull of the Air Force, they more than fulfill the need for fine leaders to help prepare us for the world of tomorrow.

Yes, we can honestly say, "Our leaders at Clemson are the best anywhere. Their guidance certainly does give we of Clemson the initiative.

CAPT. MARTIN keeps a close watch for flying saucers while LT. LUNA and CAPT. SUITT stand by.

Known to all on the campus, SGT. OLIVER performs one of his numerous duties.

As past Provost Marshal, SGT. SLIVKA is known by all. Here he is seen at his office in the Air Force division.

COL. CAVNESS, our new adjutant, has already made numerous lasting friends through his "eager to help" policy.

COL. READ, shown above, is a prominent figure in the military department. Respected by everyone, he is the source of much information.

MAJ. HAMLIN, who holds three college degrees, is one of the troops' favorite military instructors here at Clemson.

LT. COL. CARPENTER, a new face on the campus, is fast becoming a friend to all who are acquainted with him.

SGT. DICKERSON, the man behind the permit stamp, is recognized by the entire student body for the many activities of which he is an essential partaker. THANKS "Sarge" for helping us get out the TAPS!

## PARADES AND INSPECTIONS

The Corps as it appears during a parade from the top of the Main Building.

BEN looks a little forlorn as the boys get their summer camp shots.

# ROTC SUMMER CAMP

## Just Plain Hell

Upon the completion of their third year, Clemson men attend summer camp for four or six weeks, depending on the branch of service with which they are affiliated. When these men reach their respective camps they begin a tedious, excellerated routine of intensive study, drilling, warfare, leadership school, etc. For the entire period they are exposed to the schedule of regular military life. All who have been to summer camp know that it is no picnic but there are many light moments, as well as times of nerve-wracking tension, that made summer camp a profitable experience.

PARADES, MORRIS and a few of the troops strike a pose before a guard mount.

"TATER-BUG" seems to approve of JERRY, JOE, BILL and the others way of relaxation during a break.

The troops give all they've got as ROSS tries to look ambitious.

HILDEBRAND looks uninterested as "GEECH" rambles on and "FROG", "HOOT", and DEAN take a breather.

Another day . . . another reveille.

"Clemson men need no introduction" because they are always in the picture. COOPER and GIBSON grab a fast glance while 'ROGO' looks as if he is planning a new syndicate.

SAM, WEST, and ROSS have a little "bull session" with the boys.

JOE looks as tired as the feet in back of him . . . tomorrow another 30 miles.

"FROG", CREIGHTON, and "GEECH" manage to cut up in the showers after a hard day on the road.

The "Big Day" is here and the honorary Cadet Colonel reviews the Corps to climax the parade.

## MOTHER'S DAY AND SPRING INSPECTION

Every spring brings a Mother's Day and a Spring Inspection to Clemson which is looked upon as a treasured climax of another year at Clemson. On this day parents of the Cadets come and tour the campus with their sons. They are usually proud of their son as he shows them the schools, his living quarters and details his daily life with careful emphasis to prove to them he is living a hard, tireless life. Also there are a number of full-dress parades honoring the parents. The

honorary Cadet Colonel is also honored with a review along with the Mother of the Year who is chosen at Clemson. During this week the school is inspected by a specialized inspection team which, upon their findings, evaluate Clemson and rate it with all other military colleges in the country. The Corps spends a good deal of time preparing for the inspection and each year Clemson has claimed top honors.

The troops have to look sharp both front and rear always . . . especially this week.

The Cadet Corps is graced by the presence of the Mother of the Year and the honorary Cadet Colonel.

An aerial view of part of the Corps at one of the many parades during Spring Inspection.

"When did you last clean your rifle, Pvt.???"

"Everyone gets a close inspection today."

M.P.'s are kept busy keeping the grounds clear during Spring Inspection.

The public is invited to inspect the training equipment used throughout the year.

## THE COLORS

# THE REGIMENT

The Cadet Corps at Clemson is headed by Cadet Colonel C. M. McClure who has to assist him a staff of fifteen men who have been chosen to serve on the regimental staff for their outstanding record in cadet life.

Theirs is not an easy task as many difficulties arise out of a working group of 2,700 men. They must function efficiently as a team and this they have done well. Their duties, only to mention a few, are to see that drills are carried out according to schedule and to pass righteous judgments on disciplinary actions. The Regimental Staff deserves much credit for their excellent work.

GREEN, Public Information Officer; W. L. BROSS, Plans and Training Officer; D. M. McLAURIN, Mess Supervisor; C. J. HAMMETT, Chaplain; H. C. HUMPHRIES, Supply Officer; DAVID MORRIS, Sgt. Major.

## BAND COMPANY

CAPTAIN J. W. PHILLIPS

The "best band in the land" as it enters the small parade ground on its way to another parade.

M/SGT. D. L. DICKERSON

The head man this year was Captain "Flip" (I'm hell with the women) Phillips. Wonder if he ever thought about the "Child Bride" on the trips to Carolina? A new affiliation with the company was the 4-30 Club; next meeting will be held in a Chrysler or Plymouth before '54 State Fair game. How did you get in the house that night, Bill? The 7:00 o'clock originated after the Tech game. "Cowboy" Cobb returned with his 6-shooters but found out they weren't loaded. "Judge" Keller kept the troops "up" on the mess hall food. The 3rd floor would have starved if "Judge" and "Rabbit Ears" Seigler didn't run a "goodies" ring. FLASH!!! The rumor has just come in that a little "Loaf-head" is on his way to the Watson hacienda. How 'bout that Art? "Tiger" Turner didn't crack a book all year. How about the night "Blackeye" Ratterree came back with a steak over his eye? Rat Raftalis really did pull for something. "Bubba" (I was 1st Sgt.) Nickles and Jerry (I was S/Sgt.) Holcombe were there, too. Bill (I speak with a soft voice but carry a big stick) Caughman had trouble being heard in the rear ranks but Bobby (I speak with a loud voice but carry a small stick) "Plowding" was always heard, Harriet's technique? No more decorating for Q. C. Lee after the 4:00 o'clock long roll was levied on him. Jack "Bulldog" Sherer said he would dedicate an ode to his "sack" before he left. The Ridgeland Trio (Pete Hall, "Trooper" Mills, and Freddy Nimmer) let it all hang out once in awhile, too. This year's band was a great one and deserved all the credit it received.

A friend to everyone, he was always willing to listen to anyone's story and give them a chance to explain. He could be counted upon for a fair and sincere opinion in any matter. Now he has left for a tour of duty elsewhere but even though he has left he will never be forgotten.

"A salute to a deserving man."

## COMPANY A-1

CAPTAIN P. G. PORCHER

While roaming down the hallowed halls of Clemson's fine third barracks we find Company A-1, the dungeon company of the first battalion. The silence is deadening, broken occasionally by the "bong-bong" of the steam pipes and the familiar cries of "Hall Detail", and "Fall Out Rats, or timber from a certain room on the company". As meal time approaches we hear the manly voice of "Terrible" (Bust-em) Talbert. The supreme power of the company is vested in Phil Porcher. He is assisted by "Little, but Loud" Arnold Gaillard who is taking a new course, R.O.T.C. or "Run Over To Converse". We are likely to find Bill "I play center" McLellan scrimmaging on the hall after long roll with Rats Blakely and May. Adams majors in Brenauism during the week, so the story goes. "Hollywood" Byers seems to always try and impress his 3rd platoon with a "Jeff Chandler" act. Too bad they can't get any farther than their "ole ladies", Staley, McDaniels, Cockfield, and Priester. Ned "The Absent Lt." Thornhill always conveniently disappears whenever needed. The wisecracks of Irvin and Campbell along with the ridiculous questions of Rat Byers keep up the comedy at L. R. You have to watch out for "Nellie" Gray and Sanford Smith's many pranks (and firecrackers). "Local Boy" Hill had some troubles filling his many positions. "Dimples" Burnett's famous last words are "they won't keep me here on the week-ends; I've gotta' snow the women". Rats Irvin and Butler spend their free time washing 1st Sgts. cars.

One of the troops comes in for his Friday night bath . . . don't let him throw you, MARION.

## COMPANY B-1

In one of the many campus hell holes we find Company B-1 occupying the suites of the old, but not forgotten, third barracks. The company was (???) led by a Southern gentleman known as Bob (Terror) Tinsley and his cohort Jim (I love those woman wrestlers) McCarter. As we enter the hall we glance into Room 129 and see John (Honest Abe) Shealy supposedly studying with Claude (I'm getting married) Sawyer. As we wander on we are rudely interrupted by "Rogo" (I'll give you 5-1 odds) propositioning Rudy (I love this place) Able and West (Woman-hater) Summers into a new syndicate. Wait!!! here comes the P. R. rah-rahs, Marion Sams, Lea Salter, Clyde Cash, Otis Price, Austin (Noonie) Sheheen and Dick (Groucho) Woods. Further on we find Bill (Renski) Lawrence and Ted (Fuzzy) Hall at their usual . . . ??? We have on the "strand" a hall of silence, in the domain of Wall, Tuten, and O'Quinn. Jim Saunders was known to go to Macon. His old lady, Don Harvell, spent some time in Gr'ville. On the way to the bulletin board we pass Jack (Gosh, am I an athlete?) Leutwyler, Herbie (I'm hell and I know it) Anderson, and Jeter (I'll turn senior some day) Long. As we angle into the latrine we catch Bill Arehart and Ken (I've got plenty) Locher primping up for a late date, waiting outside. As the place begins to quiet down in "Stalag 117", Jerry (I'm hell with the Rats) Creswell and Lindsay make a little rumpus to liven things up. At the end of the hall of fame we hear Jack Nixon prompting 1st soldier (me and my stripes) Gillespie on how to become a good little lieutenant.

## COMPANY C-1

CAPTAIN J. C. CURRY

On the 3rd floor of the historic old third barracks was situated the small but mighty Company C-1. How we survived through all the dust and construction work was a miracle. Under the guiding hand of Capt. Jim "Silent Man" Curry, we went through many good and bad times alike. We also had our share of "characters". As we stumbled into the "well-lighted" hall in the wee hours of the morning we might very well bump into Bob "Ozark" Mabry feeling his way along followed by the company clown, Earle "Kingfish" Pullin. Long, Gilstrap, and Kuykendall were just a few of the boys who kept the road between here and Greenville hot. Many can remember "Geech" Reeves looking for his teeth after one of his "rough" week-ends. It was not uncommon to see Jud Thornton headed for Sans Souci, how 'bout it, Dot? "Preacher" Arthur, "Gator" Middleton, and "Stud" Whitesell were known for their wild week-ends. "Co-Co" Foster had two heads, the best one hanging from the sprinkler pipe in 3-207. The "Cats" on the company were Sease and Griffin. The cleanest-living award should go to Rat Goff who never said anything worse than "shucks". Jack "Spot" Elam's pet phrase was: "This s - - has got to come to a screeching halt", referring to "coffin corner" and the chow hounds on his table. Hammond, Wall and Staples, the company athletes, were seen at one formation, a fire drill at 2400. "Tiny" Wilkes thought he was quite a lover but he ran from them more than he did after them. "Fog" Powers always looked for the brown bottle. Beat-outs of the year were Rats Blanchard, Santos and "I'm most athletic" Platt. Flowers go to Tom Tate, our top kick, who put a lot into C-1 to make it the company it was.

"Every company has one or two".

## COMPANY

### D-1

Finally we reach the penthouse of third barracks which overlooks the site of the proposed new barracks. Over the endless roar from the construction outside, the gray corridor walls still echo from the famous last words of Andy (Camera shy) Andrishok: "I'm running this company and I'm hell." Architect Powers "The Hatless P. R." McElveen is handling Daniels Const. Co. pretty well through his draft board. Remember the night Connie "Head Rat" Faucette sold sleeping pills to some of the D-1 boys. D-1 has a few "celebrities" as does every company. Some are Ralph "Animal" Cureton, Don "Queen of the 4-H Club" Still, Casey "Mutt" Kennedy and "Jeff", in the form of Billy Chrisp. Walk into the latrine 'long 'bout 8:00 we would see Melvin "Dr. Poole's little Yankee friend" Martin putting milk on his face for the next month's "catshave". Upon leaving our spacious powder room we catch a glimpse of Johnny "Five-Card" Presher all slicked up in his best suit ready to meet long roll. The peaceful quiet was always broken by George "How 'bout it Gang" Bennett as he blasted out 2030 to his little "protoges". Some of the "regulars" at L. R. were "Quiet Man" Daniels, "Muscles" Lupo, "Jelly-Belly" Hinson, and the field-house prize-fighter, Robert "Motor-Mouth" Estes. Also the gold-braid of D-1 "Mac" Mabry who finally turned senior. When everyone had said all they could think of, except "Motor-Mouth", the troops shuffled back to their "cages" to write that all-important letter back home or crack a book or two. As it was, peace and quiet reigned over the long, dark halls every night, with the exception of a few dozen outbreaks of idiotic laughter, until 7:00 A. M. the next day.

Co. A-2 . . . "Pudgy" Carl's company. We, on A-2 had our good times, and some "low" times. Just ask Pete "The Yank" Ward, or Lawrence "Uke" Fowler about those "low" times. Rudy Adams was called "The Bear" so often that he began to feel like one. Ralph Gallucci was not too well known as Ralph, but as "The Gambling Man" he was one of the most popular men on the campus. Wonder why all the troops around Gallucci and Arbery in the above picture are laughing? Gene (I'm 1st Sgt.) Ware, and Don (I'm 1st Sgt.'s ole lady) Sox had a real brotherly room again this year. Walt "The Bellowing Bull" Shealy must have lost his voice over the summer, because this year our hall did not ring with his "Moose Call", although he was still around. Maybe he was still weeping over Marvin. Bob Callabro, "The Mighty Mite", took honors as the smallest exec. at Clemson. He and Rudy made a nice Mutt and Jeff pair. "Rat" Corken would come up with a queen for every dance . . . and so we on A-2 lived. Taking the bad with the good, but preferring the good.

## COMPANY B-2

In the early morning stillness of the "hallowed" halls of Company B-2, comes the moaning cry of not a loose bull, but first sergeant Underwood. Immediately the place turned in to a mad house. As the night "fog" wears away the gastly things turn out to be cadets. As the fog lifted we discovered Kirkpatrick, Rogge, Phillips, and Barre still standing in ranks as we were eating in the mess hall. Pausing at the "messy" hall door, we see the mighty corporals Braid, Wilson, and Miller combing their hair in Boudoucies' shoes! Wait! Stand aside 'cause here comes another company—no, it's only "Clean Gene" followed by "The Killer" Kane and "Geech" Wyatt. Into the morning and the rats are really doing a great job of "beating out". Sometimes rats Cheek, Hefner, Holt, and Thomas can be tricked into running a hall detail. Of course, there are a few who don't like to do anything like—Mancuso, Smith, Long, Wilson, and Brinkley just to name a few. There is the Co. Clerk in the 1st Sgt.'s room—sharpening pencils shall we say? Of course you always have the model men like Muscles Marbert, the Kiser boys, the Day Twins, and Whit. Retreat is here at last. As "Misery" Payne calls his platoon roll, let us look through the ranks again quickly before we get too much moon tan. Helms, Madden, and Hinson are out as usual. We know studies come first. Now the day is coming to a close and little feet patter gently up the hills—little feet in hob-nailed boots. We must bring this to a close, but if this doesn't make you laugh, just look at the funnies surrounding this page.

CAPTAIN J. H. BAILEY

What do you think of the barracks situation?

## COMPANY C-2

September came again, and we slopped up the muddy hill filled with construction junk to our home for another year; the pits of C-2 with the law—The Guard Room—in our midst. "Duffy and Duffies, Inc.", "Simon Legree" and "Reg't Adviser", respectively, controlled the mob well, even though they caught hell. Joe "the bar's not open yet" Cunningham waved 'em to 176 while George "let's go to Converse" Griffin tried to pull 'em out. Kick aside the trash can and you may see Dave "I busted you" Martin posting the Friday night "Bill and Hattie's" roster. "Shafted" Satterfield, "Silent" Bill and "Snow King" Blackwell ran an exclusive "lovers" club adjacent to Black's, Inc.". Across the way in Blocker's Gym we drank Art Brown's "pepsi punch" and sang to "Stripper" Gentry's show with another lover, Ed "Brown Eyes" Byrd. Acknowledgments were given to ticket takers Painter and Davis, "Stage Hands" Diggers, Jones, and Brown; O'Cain gave the invocations. "Hangover" Hoover, "Light Duty" Echelberger, "Creepy" Wynn and "Muscles" Sease lived in the mouth of fire all year long but never got it! Past the guard room we had what appeared to be a zoo: "Monkey" Coats, "Bubba" Free, "Mouse" Helms, "Bugs" Thompson and "Slob" P. R. plus "Ribbons" Robinson, all cared for by "Rambling Robert" Parker and "Cook Stove" Crenshaw. Passing through the smell of fish, we met Sgt. "Knock it Off" Huggins bellowing at "Alarm" Clark and "Get Up" Burriss. Fort Military was held down by "Big Boy" Beach and "Dolly" Padgett in spite of their sentry Hinnant, who was looking for Juliet in Anderson instead of the usual P. S. I love you.

# A-3

Despite the fact that A-3 is bordered on one end by the Regimental Staff and on the other by the Battalion, the troops managed to live it up. Consider yourself in the midst of this "quiet" company as you read about some of the members, "Old Read about It" Tharpe ought to major in "how to be a 1st Sgt. in 1,000 easy lessons". "Slippery" Jones still owes brother "Sandbar" Gordon a pair of pants. Jeep "I never meet formation" Warriner and Bud "I stand SHAFTED" Wilson just couldn't handle that 260 lbs. Chewning, the All-American Boy, got his name in print every day via D. D. R. "Mr. Chub and Mr. Tub", Hinson and Orr had a motto: "And the cassions go rolling along". "Moorhead Jr." McCraw had the largest harem of the Co. Joe "I got the shaft" Mattison and Alston "I got the girl" Mitchell are still friends. Too bad Steve Alexander didn't have enough cousins for his old ladies. "Greasy" Seahooks and "Scratchem" Lander's attitude was the backbone of A-3's prosperity. Jimmy "The Battalion Private Major" Still couldn't scrape up the \$2.00 initiation fee for the Black Rider's Ass. "The Quiet Man" Bickley became prominent in military affairs. John "Shake a Hand" Swygert really had a ball before the dance started. "Smiling" Gregg had better learn to control his low-bred wit. Mr. "I went to a military prep school, so look out for me" White really goofed. Johnny "Sperm" Sell and "Preggie" Gale got together this year but whodunnit, "Droopy" Thompson???, "Country Boy" Pettigrew never did find out what civilization was. All in all A-3 turned out to be a great company with a wide selection of "material".

## COMPANY

# B-3

"Rogues Gallery in Review", alias, B-3 on parade presented to a spectator of more chaste morals an outstanding assembly of Spillane Proteges. "Steaks, Liquor, and Women, in that order", topped any scholastic endeavors of these hell-raisers. Under the capable leadership of the best C. O. in the regiment, Bones "The Liquid Diet" Willingham, and with three mush-mouthed individuals on the company staff, "I'm from the hills" Howard, "Geichei I'd never get caught there" O'Hear, and "Lipstick before Eight" Mixon, B-3 was a top candidate for best all-round company. With capable henchmen on hand to handle any "Westminster High Grade" such as the "Campus Slouch" Smith and his old lady. Rat Reynolds, the little darling with horns of gold, and a "Big Buick Gangster Car" thought that he could run the show until understanding paternal gentlemen "Colonel" Crafton and Simpson removed such aspirations from his deniated little mind. Hunsuck, Leaphart, and Tinsley would make the lineup of everybody's "All Platoon Sergeant". Rat "Sir, let's cut the Book" Floyd got away with more hell than any other rat with the exception of G. "The Tall Tale" Bryan, whose old ladies "Bouncing Boy" Bray and "Hot Jalopy" Jenness, couldn't quite slip off to Greenville as much as they wanted to. Rats "Rise and Shine Boys" Gentile and his short old lady Rozendale were beloved for their gentle awakening of the troops. Bobby "The Scalper" Morris and "Chub" Reeves really liked figured wallpaper, a' la Marilyn Monroe. The endless chain of characters in the B-3 cells high up in the 1st prison could easily continue under the lights for a closer third degree. But enough has been recalled to start all B-3 graduates into deep, enjoyable reminiscence about a bunch of crazy mixed-up guys in a crazy place.

The report you're about to read is true and only the names need be changed to protect the predecessors and the hereafters. - - - DUN - - - DI - - - DUN - - - DUN - - - Saturday, February 30, 0769. The company had formed on Bowman Field and Capt. Suitt and Hazel Bishop were discussing the possibilities of making C-3 a military organization but "Gutts" Hucks deemed it utterly impossible. 0869—"Hubby" Littlejohn was unable to see his sweet thing this week and because of a "Thirty-Five Bust" but "Ole Lady" Puss Cox said he would stay and comfort him because his sweet thing was on restrictions at Converse. 0969—"Hard Rock" Hughes had spent the last hour looking for Rats Ragsdale, Murphree, Navors, and Guess, to put some lead in his pencil. "Hose Nose" Muzzey just saved the company by throwing out an ablaze cig out of Don "Gimme a Cig" Shane's room. 1369—Brothers Mickey Cone and "Buggs" Turner had already begun the regular weekend liquid diet. Earl Chrisawn has long been gone on a rented cloud headed for Columbia. Sunday, February 31, 2464—"Tex" McMillan came back tonight with the side of his head bashed in from trying to ride too much bull. "Hoot Jr." Gibson returned with his usual pack of lies and his cohort, Holford, was backing him up to the bitter end. Carl Atkinson was really hepped up over the new hit song, "There Stands the Glass". Puss "Muscle Man" Wade and "Burr Head" Moore were already working on the weights when we checked in on them. The quietness of the hall was broken by the floor shaking walk of "Fat Rat" Steele. All in all Company C just couldn't do without those swell guys, Lon "I played a Hunch" Littlejohn and Rip "Don't put that down, Lon" Folger.

# A-4

CAPTAIN J. M. QUINN

Company A-4 had the widest assortment of "professionals" in the regiment. They ranged all the way from military—and "snow-kings" to undertakers. Then, too, there were some that just couldn't be classified!!! First of all we come to "Spec" (I'll make regimental yet!) Tanner. He would have lost all "pull" with the "brass if it weren't for his ole' lady, John, the coal man", Hardee. Our 1st Sgt. was Tom "Hall Detail" Bookhart who kept the bust-sheet company going. He roomed with Tom "I'm in love with a girl!" Drew. Jack "I'm Company Cmdr." Quinn and Jay "I'm next in rank" Polson ran the company and did a slight bit of true loving on the side. Their old lady "Snake" Easley couldn't find anyone to true love!!! Rat "I'm mean as hell" Gandy really "went" for Polson while Rat (I'm going to run this place someday) Harrison went for the Battalion, pull 'em men!!! Not to forget Pete "I drove 1,000 miles to hold her hand" Newell. In "Club 4-121", Watson and Fowler fooled their buddy Paul "I love you, darling!" Cantley every time whenever they set the clock back. We all wondered when Rat Pearce was going to get a date. "Barbwire" Varn and "I've got a little story" Coleman were the most military Sr. Pvts. on the campus. Baxter Hood threatened to "do something" to his old lady Phil "I love cats, especially the ones that—on the ole' ladies bed" Shore. Chan "the bugga man" Bryan was really a terror to the Rats on the halls. "Miss Wisconsin" had his—tho' She must have, he went up there Xmas. How big was that stone, Chan??? He and his old lady "Scotty" (I play it cool) Monroe were like night and day. Scotty really did something with his bar-bells. Johnny "and then she . . ." Thomas was the "cat of the company". "Hut" (I'd be the last one to let the boys down) was our undertaker. Rats Bullard and Caughman were the best of the Co. So we leave this fine company and it was great troops. See you, fellas.

## COMPANY B-4

CAPTAIN F. R. GRESSETTE

Company B-4, the beloved company of the quadrange by all who don't know it, seems to have acquired more than their share of birds this year. First of all let's talk about our ex-first sergeant Tom "Movie Star" Trivley, who just loves to have his picture taken, especially in "cits". Next comes our new first sergeant, Mac "Nutsy" MacDaniel, quote, "Polish my brass on the back side, too, please". We also seem to be blessed with two bootleggers; better watch out for Doc Faulkenberry and Gerry Rutherford. "Rock" McClellan is becoming very popular around the barracks since he met up with some girl from Westminster, and we also want to find out what could be so interesting at the greenhouses after dark from "Woo Woo" Dunlap. Now let's hit the fellows who seem to think they can leave any time they want to. First comes the "AWOL" twins, namely, Jimmy "Who Cares" McWaters and Bob "What of it" Huey. Just remember fellows, "Crime doesn't pay; but we must not leave out Ellison "Reel George" Smith, if his grandmother got sick much more she will be dead. What in the world is wrong with you, Jerry Moody, don't the rats please you this year, and I'm sure that if Albert "I'm Hell" Marshall would yell "Hall Detail" a little louder the rats would hear him. Oh, yes, Reeves "Follow me Boys" Gressette, what were you doing in Lavonia, Saturday, Dec. 5th when you should have been checking Taps. Last comes the sots, namely, Slick "Hic" Blanton and Jack "Pass the Bottle" Boling, some of these days you aren't going to get sobered up in time; there are also a good many more who are looking forward to the company social with only one thought in mind. Well, boys, there is just one thing I can say to you, don't think you are so sharp, because the Shadow knows. The TAPS office is downstairs. 'Nuff said!

## COMPANY

# C-4

Since we are in the little Waldorf Astoria we need say no more about our living quarters except that the rush on the new barracks kept many of us awake nights. In keeping with tradition, C-4 again has the greatest assortment of "Characters", but they are still good Tigers. To begin with "Lover Boy" Moxley always ran a close race for Company snow king. The "Botany Twins", North and "Squeaky" Mullwee were seen almost every afternoon strolling to work for the plant doctors while "Putt Putt" Moore kept his scooter quiter since the laundry incident last year. Ray "I'm the rat Sergeant", Buck and Millie Smith kept the fourth floor on the stick, but the third was never quiet when Higginbotham was around; however, the quiet Brains "Berd" Smith and "Thelma" Suggs were always studying. Bill "Casanova" Pressley had his girl writing French love notes but his rat, "Miss Mary" Eisele had a hard time keeping his "little maids" on the hook—didn't learn much from "Curly". John, "Ape Man", Dixon must be related to an Indian Rubber man, but that didn't keep little Lonnie, the bad influence, from having dealings with the "First Sergeant" James who, by the way, was known to do some sleeping at awful times in awkward positions. Speaking of wheels we still wonder if Sanders and Lee judge their women as efficiently as they did the cows, and, of course, Tilly was a little "Rocky" before and after those weekends at the "Rock". On the lighter side "Rat" Cox takes the cheese as "Mouse" of the year and rats Mahaffey and Taylor could never make up their minds—or was it their upperclassmen?

## COMPANY D-4

CAPTAIN J. S. W. PARHAM

Do senior privates still have to meet inspection??? How about it FORREST?

CAPTAIN D. A. TAYOR

At the bottom of all the rosters, last on on the field for parades, last in the mess hall, but often the only C. O. on Bowman Field for retreat—heading the D-4 ranks is "Troubador" Parham, the only C. O. in the Reg't to get 25 in the first week. Down on the 3-100 floor with the "wheels", Parham, Powers, Godwin, and "ex-wheel" Spillers are the Sumter boys, Ferdie, P. H., "Voice" DuBose, "Shur eye" Skinner and "Military" Kirby. In contrast, Dukes and N. A. are always here and always will be. The "200's" produce the "noisemakers" Stoddard, Sprouse, "Geetch" Lucas and "Shoes and Shaft" Galbraith, who would tear the place apart if it wasn't for Snuffy, C. L., "I meet all the formations" Buchanan, "I signed out" Spencer, and "Bruss" Pitts. All this commotion doesn't bother "Early to bed" Potts who is busy reading up on the latest winter travel; or his old lady, who spends all his time trying to make Rat Towers and Rat Matthews do the work of one Rat. Yankeeland, the 300's, with Rat Cally, "Scrawny" Spooner, the Luetj, and "I want to be Hall N. C. O.", Stahl, "B. R. the horrible" Cooper swears that the Reg't is run from 8-315, while "I'm hell" Woods and "L. D." Crenshaw just swear—about Rat Brown. In 305, "The Grant-Rivers Coffee Shop and Picture Gallery". Dave M. can be found wearing his "tails". In the clouds of the 400's "I got homesick for Clemson" Carothers can be found getting in shape to whip "Frail" Zack. The only battles on the fourth floor are between A. B. and the wake up orderly and Gentile and his razor. "Guzzle" Gosa is still thinking about the socials. The D-4 boys are spread over four floors, but they can't be beat for cooperation.

## SENIOR PLATOON

The Senior Platoon is a Clemson organization composed of men who are picked primarily for their drilling and teamwork ability. They volunteer for nomination and are chosen only after countless eliminations. After they are chosen they begin drilling to learn how to function as a team. They acquire no worldly gains for their tiring efforts, only their love of perfection and the honor of being a necessary part of a precision organization drive them on. Their practice drills number many. Throughout the year they practice, in the early morning and after dark, until their movements are flawless as possible. Through their efforts they have become nationally recognized as THE crack drill platoon in the country. The tours they have made in the past have taken this group all over the country for invitational appearances. All in the Platoon deserve much praise for their accomplishment.

# PERSHING RIFLES

The Pershing Rifles, formed in 1892 by John J. Pershing, is a national honorary military society organized for the purpose of encouraging, developing and promoting the highest ideals of the military profession—leadership, honor, and brotherhood. The Pershing Rifles is a purely voluntary organization. The members are active as a drill unit only in their second year. They are chosen, through elimination drills, for their drill and teamwork qualities only. They have to drill at odd hours to practice perfection for their many public appearances. Their reward for their extra efforts is only the prestige involved in belonging to a precision unit.

## WE WENT TO THE "T"

FRANK HOWARD, head coach, after much thought during the last few years decided this year to put his Tiger Team out on the field of battle using a new formation—the "T".

His reasons were sound, as he put it, "First it will enable us to do a better job of coaching. When a single wing back got hurt, we couldn't put in another good running back, for it had to be one who was trained to perfection. With the exception of the quarterback, the backs in the 'T' can be shifted without hurting the offense.

"We can find more boys in high school playing the 'T' so recruiting better players should be easier. The team will have more balance in its offense to strike more quickly and effectively into the opposition's defense."

## CLEMSON 33 P. C. 7

In the first game using the split "T", the Howardsmen not only fought a game Blue Hose eleven, but also the heaviest downpour of rain ever to mar a gridiron contest in Memorial Stadium, to the tune of 33 to 7.

During the entire first quarter both the Tigers and Blue Hose sloshed up and down the field without a single tally. The ball started rolling when Coach HOWARD sent in the powerful second string operating under Quarterback POOLEY HUBERT.

Defying mother nature's downpour, Quarterback HUBERT and his Lieutenants ROSS, HANKINSON, O'DELL, and GEORGE, plowed for a total of 336 yards total rushing against 48 yards gained by P. C. This amount of yardage gained by the Bengals was also due to the key blocking of B. C. INABINET, NOLTEN HILDEBRAND, and TOMMY MATTOS.

When asked about the game FRANK HOWARD remarked, "If we have another rain like that I might call on the varsity swimming squad."

LaMONTAGNE, MOORE, WHITE, and KING peering through the downpour that was the predominating feature of the game.

# CLEMSON 14

## BOSTON COLLEGE 14

Traveling north to "Yankee Land" the Clemson Tigers met their first strong opponent in a hard-fought, but heart-breaking 14 to 14 tie.

Fighting hard and furious to stay in the winning ranks the Tigers used every possible rushing and passing attack in the book.

The biggest ground-eaters of the day were LARRY GRESSETTE, JIMMY WELLS, and BILLY O'DELL who sprinted and bulled their way to a net rushing of 165 yards to the Eagle's 151 yards. When the Bengals took to the air End SCOTT JACKSON, who played a great all around game, helped collect 37 yards.

There was some fine line play by "Red Face" GRESSETTE, NATHAN HILDEBRAND, CLYDE WHITE, and DREHER GASKIN.

Coach HOWARD commented on the game with these few remarks. "I was well pleased with the defense shown in the game, but we've the fumblyitis disease."

KING leaps to avoid a Boston College tackler.

A B. C. man is bulldozed by JIMMY WELLS as BUCK PRIESTER dives in for the kill.

Gracefully, Maryland tacklers maul HANKINSON after he picks up 4 yards.

## CLEMSON 0 MARYLAND 20

Before a capacity crowd at Memorial Stadium the stubborn and determined Clemson Tigers raised havoc in the ranks of the much-surprised Maryland Terapins.

The nation's first-place team was dazed by the crushing Clemson defense led by NATHAN GRESSETTE and WINGO AVERY. Although flashy broken field running by FALONEY and NOLEN resulted in 302 yards net rushing and three tallies, the famed Maryland team was not three touchdowns better than the Tigers! The Terps T.D.s were due to the poor Clemson coverage of punts and kickoffs.

Time and time again DON KING and TOMMY WILLIAMS directed the Tiger team in a brilliant running and passing game against the amazed Terapins, only to lose the ball on a fumble or other bad breaks.

After a surprisingly hard-fought battle Maryland's coach, JIM TATUM, praised NATHAN GRESSETTE as being one of the finest tackles in the country. He also made this statement: "We were darn lucky to have won!"

JACKSON is encircled by two Terapins who seem to want the ball more than he does.

"RED" appears to want to bite the thumb off of a would-be Miami tackler.

## CLEMSON 7 MIAMI 39

When the Clemson Tigers met the Miami Hurricanes in Florida this season, all the team work which had up to that time held the Bengals together, seemed to dissolve right before the eyes of the Clemson fans.

Although the Tigers out fought the Hurricane in the first half all their drives were cast into the wind due to costly fumbles.

With the kickoff of the second half the opponent's superior depth, which has been a deciding factor throughout the season, began to show on the weary Tigermen.

The combination of WILLIAMS to JACKSON, which netted 113 yards through the air to the Hurricane's 49 yards, brought about the only Bengal touchdown. Many times during the contest JIMMY WELLS and CRIMMINS HANKINSON hit the stiff Miami forward wall for a net gain of 94 yards.

Coach FRANK HOWARD, after the game, could only say, "We were murdered in the second half!"

**SOUTH CAROLINA 14**

On Big Thursday, in Carolina Stadium, before 35,000 cheering fans, the Tigers of Clemson met the Gamecocks of South Carolina in one of the best football games of this long series. The Gamecocks won 14 to 7.

The old rivals fought hard from start to finish with Clemson fumbling twice inside the 5-yard line, showing the highly favored Gamecocks that they really had a battle on their hands.

MIKE CASKEY and the always threatening passing combination of KING to JACKSON kept the thrills and action at a high peak. Hard blocking and vicious line play by GASKIN, MATTOS, McLELLAN, and GRESSETTE helped to check the Gamecocks most of the afternoon.

Coach HOWARD summed up the game by saying, "I thought Carolina had a skillfull team on the field, but we failed to cash in on several opportunities that would have won the game for us."

PAGLIEI snaqs a long pass and looks like he'll go all the way.

HANKINSON gives chase to Carolina's CASKEY with PAGLIEI and GEORGE coming over to assist.

McLELLAN intercepts GRAMLING'S pass and runs 30 yards in a first-quarter threat.

## CLEMSON 18 WAKE FOR. 0

The fighting, but enchained Clemson Tigers finally broke their shell in an overwhelming victory against the Demon Deacons of Wake Forest, by the score of 18-0.

End DREHER GASKIN came into his own by helping the Tigers pick up a total of 204 yards via the air route against Wake Forest's 93 yards. This was quite a setback to the Deacons who at that time were second in the nation on pass defense.

One of the highlights of the game came when "NUFF" ANKUTA twisted 85 yards in a spectacular run which was called back.

With the aid of JOE PAGLIEI, DON KING, whose total offense came to 247 yards—more than the entire Wake Forest backfield could compile, and BUCK GEORGE the Bengals picked up a net rushing of 150 yards to Wake Forest's 45 yards.

In the forward wall CLYDE WHITE, PETE WALL, and MARK "KILLER" CAIN stopped the Deacons on many occasions.

Coach TOM ROGERS of Wake Forest said, "The Clemson Tigers' passing attack was the greatest that we've run up against in many a day."

A good try by a Wake Forest back, but the combination of KING to GASKIN proved to be another touchdown.

JACKSON gets able assistance from HUNTER and MATTOS and clicks off thirty yards for the Tigers.

JOE PAGLIEI takes off on one of the longest runs in the game, a 60-yard gallop.

## CLEMSON 7    TECH 20

From kickoff to the final gun, the Tigers fought with a power-packed Yellow Jacket squad. Both teams made fifteen first downs a piece, while Clemson led the way in total offense with 26 yards to Tech's 307 yards. It was the brilliant playing of the field general, DON KING, who passed and ran for 183 yards, that thrilled the 35,000 fans in Atlanta. JOE PAGLIEI made the most outstanding run of the game with a 60-yard punt.

Every man on the squad played a outstanding game, but it looked as though KING started a one-man gang war with the Tech eleven as he passed time and time again to his great ends, GASKIN and JACKSON.

As Coach BOBBY DODD said, Clemson has one of the finest teams we have played this year. Frankly, I was sweating it out and I'm glad that we don't have to play you all again next season."

The Jackets won 20-7, although Clemson led until almost the end of the first half 7-0.

JACKSON makes a circus catch for 28 yards.

A good goal-line stand by the Bulldogs, but KING squeezes over for the touchdown.

**CLEMSON 34**  
**CITADEL 13**

The Citadel game at Charleston proved more interesting than expected when the determined Bulldogs caught fire in the third period and tied the game up 13 to 13. The first team then moved back in, spearheaded by DON KING, who passed to GASKIN for a T.D. and sneaked over from the one-yard line for two others, making the score read 34 to 13.

It was NATHAN GRESSETTE, "CLEAN GENE" GARRISON, CLYDE WHITE, and NATHAN HILDEBRAND who keep the Bulldogs under control for a large part of the game.

After the game Coach HOWARD remarked, "It was one of the best games I've seen the team play as a unit together."

A host of Auburn tackles are swamped by DON ROSS.

## CLEMSON 19

## AUBURN 45

The bowl-minded "War Eagles" from Auburn struck fast to score on pass interceptions which stunned the homecoming crowd of 20,000. Although Clemson out gained Auburn—456 yards to 418 yards—Dooley and Freeman's teams seem to have had an easy time making the 45 to 19 score.

The only bright spot in the Clemson offense were the three touchdown passes from KING to GASKIN. WILD, MATTOS, CAIN, and PRIESTER did very well on defense stopping the "Plainsman's" attack on several occasions. JIMMY WELLS did a great job stopping the Auburn aerial efforts.

Coach HOWARD thought that the defense wasn't near as good as it had been in several previous games, but the offense on the whole was good.

GASKIN pulls in another KING pass for one more T.D.

The 1923 TIGER football team formed again during the Homecoming Game and amazed the crowd with their agility.

## BASKETBALL

As the '53 basketball season rolled around, Coach "Banks" McFadden found himself in quite a predicament. Due to a large number of graduating seniors his squad had been deleted of both depth and experience, with the exception of Charlie Gage and Ames Wells.

All in all the rather slack season of 17 losses and 5 wins was all together due to a unexperienced and green squad.

The Tigers started off their season with a few heart-breaking games, but finally they came back in a overwhelming win over P. C. to the tune of 72 to 66. As the season progressed the Tigers gained little by little the experience which they lacked. With the help of players like BRUCE HOLZCHUH, BARRY RYAN, BILL YARBOROUGH, BUDDY SHOOK, and TOMMY SMITH, whose love for the game and hustling brought about such victories as the 75 to 72 win over William & Mary and the 76 to 52 victory over The Citadel. The Tigers ended up their 1953 season with a great win over Davidson with a score of 81 to 69.

Co-Captain AMES WELLS, the outstanding Tiger player, was named to the ALL STATE TEAM, also he broke the one season record at Clemson with a score of 400 points.

## BASEBALL

Under the direction of Coach BOB SMITH, the 1953 Tigers had one of the best records in the Southern Conference, winning eleven, while losing six. During the 1953 season the Tigers were not allowed to compete in the Southern Conference Tournament because of rules that put a limit on the date in which the last game can be played. It was after this time that Clemson played Furman. It was not until after this victory that knowledge of this rule was brought out. Consequently we were not allowed to attend.

Although it is impossible to single out anyone player for being outstanding, for everyone on the squad did his part well, but we do give extra credit to BILLY O'DELL, the most outstanding pitcher in college ball today. Along with O'DELL we feel that we must mention COKER, KING MORE, MORRIS, and BARNETT.

# THE BLOCK "C" CLUB

The Block "C" Club of Clemson is composed of those men who have lettered in one of the major intercollegiate sports: football, baseball, basketball, or track.

It is an outstanding honor to be a member of this organization in which the initiation is considered the most rigid on the campus. To compensate for the many hours of practice, these boys have some of the greatest social functions of the school year.

The main contribution of the Block "C" Club to the campus is to encourage sportsmanship and further our sports achievements in the nation's eye. These men also sponsor movies of football games played by the Tigers and help in bringing about the success of "Religious Emphasis Week".

## THE TENNIS TEAM

The racketmen had an average season this year by winning seven and dropping five, under the guidance of Hoke Sloan.

The Tigers' victories were at the cost of Furman (twice), College of Charleston (twice), Erskine, Wofford, and Georgia. By close scores the Bengals lost to South Carolina, Sewanee, and The Citadel.

The outstanding members included KHIN SI, GENE MOXLEY, PAUL LANGFORD, and BUD COLEMAN, who showed excellent form all season.

With the return of most of these seasoned players the racketmen have high hopes for a successful season.

TYRONNE POWER, RAMOND MASSEY, and Director CHARLES LAUGHTON confer on the script of Paul Gregory's production of "John Brown's Body".

## CONCERT

The opportunity to see such famous and international productions as the ones represented by the artists shown on these pages is indeed a tribute to Clemson College and particularly to the ones responsible for the Concert Series.

Each year brings new and different talent to the field house for the benefit of the students and others living within a close range of Clemson. These concerts are free to students except for a sum taken out of each student's activities fee. Each year also finds more and more students taking advantage of an opportunity, probably not to be found in many other localities.

LUBOSHOUTZ and NEMENOFF, duo-pianists, gave a sterling performance when they appeared at Clemson last fall.

PAT PLAYER, "nail artist", and "hair butcher", MUZZEY, give the junk dealer the works in "Born Yesterday".

## THE LITTLE THEATER

Open to all students and community people interested in dramatics, the Little Theater strives to stimulate interest in the theater and allied arts. Through this organization the students are given a wonderful opportunity to display their talents and to see some of the better productions. This year the group presented "Born Yesterday", "The Moon Is Blue", and "Harvey".

The Jungaleers originated many years ago as a five-piece Dixieland combination. Through many years of hard work under competent leaders, the organization finally developed into one of the South's finest collegiate dance orchestras. The members of the orchestra are chosen for their musical ability. ## GAMMA KAPPA ALPHA

The Gamma Kappa Alpha was recently reorganized this year by a group of interested students who felt the need for this club. Anyone who is a resident of North Carolina is eligible for membership.

The purpose of the Gamma Kappa Alpha, better known as the Tar Heel Club, is to provide a contact for the students from North Carolina with the activities of the college.

The club also offers the North Carolina students a social contact with the college and each other. The club has intermission parties during dance week-ends here at Clemson, and also holds other outside activities.

The Blue Key National Honor Fraternity is dedicated to the ideal of service, and membership is composed of seniors or rising seniors of outstanding character and ability who have distinguished themselves through their individual efforts to realize this ideal.

One of the services rendered annually by the Clemson College Chapter of The Blue Key is the compilation of a directory of faculty, students, and student organizations.

Again this year the Clemson chapter and the U. S. C. chapter co-sponsored the Blue Key dance before the State Fair game.

## TIGER BROTHERHOOD

The service fraternity for all the classes is the Tiger Brotherhood. Members are chosen for their interest in improving Clemson, and the club adopts projects that will carry out this purpose. The primary project of the organization is the bettering of relations between the faculty and the student body. Tiger Brotherhood was formed in 1928 by Professor John Marshall for the purpose of recognizing and encouraging leadership and service among the Cadet Corps.

Among the projects currently sponsored by the Brotherhood are a telephone at the guard room for free local calls, a guest room for visitors, a faculty-student night, and the selection of a Clemson Mother to be honored each year at Mother's Day.

Composed of men with the earnest desire to be of service to their fellow students, faculty, and community is the Gamma Lambda Chapter of Alpha Phi Omega, first organized at Clemson October 6, 1936.

Prerequisite to membership in this organization is former membership in the Boy Scouts of America. In addition to this, the prospective member must have shown active interest in earlier college activities and be recognized for his strength of character, integrity and sincere longing to assume leadership. New members are selected and voted on at the beginning of each semester.

The imposing objective of the organization includes four major fields of activity in which the program is delivered. These four fields which call for the attention of each chapter are:

- Service to the student body and faculty,
- Service to youth and community,
- Service to members of the fraternity,
- Service to the nation as participating citizens.

The Alpha of South Carolina Chapter of Tau Beta Pi, the top engineering society at Clemson, has been a high goal and a mark of achievement for engineering students since it was established on this campus in 1928. The club is open to students majoring in Mechanical, Civil, Electrical, Ceramic, and Chemical Engineering.

To be eligible for membership, a senior must have a cumulative grade point ratio of at least 2.83 under the new system, and a junior must have at least a 3.33. Each fall three juniors are elected to the fraternity, provided they meet all the other requirements.

Meetings are devoted to talks and discussions on topics of interest to all engineering students. Activities during the past year included acting as host chapter for the National Fall Convention, which was held on the Clemson campus during October.

## PHI KAPPA PHI

Phi Kappa Phi is the highest scholastic honor offered at Clemson, a magnetic ideal for the students. Membership is surprisingly large, considering the rigid requirements for membership, of 3.5 for their first six semesters, and a great deal of prestige and recognition is due them for their perseverance and hard work. Its graduates are the leaders of tomorrow, and they are well prepared for the task before them.

The goals of the organization are the promotion of high ideals and the stimulation of learning by competition.

In 1931 the Clemson chapter of the American Society of Agricultural Engineers was first organized by the Agriculture Department. Since its initiation the society has been influential in bringing the students and faculty of Agricultural Engineering into a closer relationship.

Membership requirements are based on such things as scholarship, character, and personality. These factors are of prime importance in the development of the spirit of teamwork, which is so important for their programs and projects. This broadens the outlook of the students, affording them well-rounded ground work.

The Kappa Alpha Sigma was founded in 1937 and recognized as an official member of the student section of the American Society of Agronomy. Membership, usually around twenty-five, is limited to students majoring in Agronomy who show promise of becoming outstanding in their chosen field. Scholarship, character, and personality are taken into consideration in the selection of members.

The purpose of this club is that of promoting fellowship among its members and closer relationships between faculty and students. It also encourages high professional standing and stimulates interest in the field of Agronomy.

The club meets twice a month, the first meeting devoted to business and the second to a program of interest to the members. Student programs, faculty members' programs, or guest speakers from the field of Agriculture keep the members informed of the new developments in agronomic practices.

Officially S. A. E. is the technical society for those engaged in the development, design, production, operation, and maintenance of passenger cars, aircraft, railroad equipment, and farm machinery, their component parts and lubricants. The term "automotive" embraces all of these areas.

The Society of Automotive Engineers was chartered in May, 1952, as an organization for all engineering students interested in the automotive phase of engineering. The organization attempts to provide speakers on technical phases of the automotive field as a service to the students, and field trips are a very vital interest among the juniors and seniors of the organization.

The Iota Lambda Sigma fraternity is a national education fraternity. The purpose of this fraternity is to promote the causes of industrial education in three ways: the recognition of professional training, the recognition of high scholarship, and the creation and maintaining of a closer fraternal bond between actual and prospective teachers in this special field.

Membership is limited to juniors and seniors who have completed a portion of their major work with a grade of "B" or better.

## ALPHA CHI SIGMA

Alpha Chi Sigma is a national professional chemical fraternity comprising fifty-three collegiate chapters and twenty-nine professional chapters. It is one of the largest organizations of its kind in the U. S.

The Beta Epsilon chapter of Alpha Chi Sigma was chartered a member of the national fraternity in 1939 after having its birth in the "Athanol", a local chemical club.

The purpose of the fraternity is to promote higher scholarship, a higher sense of honor and stronger bonds of friendship between its members.

During the year, the fraternity has sponsored the sale of protective lab aprons, a series of safety posters, and several social events.

## CANTERBURY CLUB

Episcopal students at Clemson are united in the Canterbury Club of Holy Trinity Episcopal Church. Clemson's Canterbury Club was the first chapter of the National Association of Canterbury Clubs in the country. It offers all members an active part in functions of the State Association.

Canterbury's meetings, held each Wednesday night during the school year, usually consists of an opening prayer by the rector followed by discussions or talks by prominent speakers.

## HILLEL-BRANDEIS

At weekly meetings held at the "Y" in lieu of a chapel, members of the Hillel-Brandeis Club gather to promote spiritual advancement, social achievement, and universal friendship.

Although the number of Jewish students on Clemson's campus is relatively small, the group is actively engaged in many activities. Some of these are discussion groups and forums, guest speakers, and meetings with other religious denominations from Clemson and surrounding colleges.

The final phase of the club's activities for each school year is the presentation of the Hillel Plaque at the annual banquet, which honors the person on the campus who has done the most to further brotherhood on the campus.

## L. S. A.

The Lutheran Student Association, affiliated with the Lutheran Student Association of America, is made up of the Lutheran students on the campus. The program is sponsored by the Division of Student Service of the South Carolina Synod.

The association attempts to develop fellowship among Clemson's Lutheran students by presenting programs of interest in the form of speakers, informal discussions and various social functions.

## P. S. A.

"Doc" Crouch's affectionates pokes in the ribs, "Big Ben's" warm smile, "Ma" Crouch's "coffee hounds", Wednesday night P. S. A. meetings with sentence prayers, and the Mizpah Benediction with "and them" added are phases of the church program at Clemson which Presbyterian students will long remember.

P. S. A. is the original and the Clemson name for Westminster Fellowship, the Presbyterian Church's fellowship of college students. Through this organization students are drawn into closer fellowship with Jesus Christ, with people of the campus community, and with each other. The programs are planned by students for students, with a goal of spiritual growth, and a mature interest in the church.

## WESLEY FOUNDATION

Formed to take care of a need for a more thorough church program for Methodist students, the Wesley Foundation was founded at Clemson in 1938. The organization was set up by the Methodist Church for students in the state-supported colleges throughout the nation. The Foundation provides a well-rounded Christian life for the Methodist students on the campus in offering opportunities for worship, work, play, fellowship, and study. It also helps develop students for work as lay members of the church which they will attend after graduation.

## Y. M. C. A. STAFF

P. B. HOLTZENDORF  
General Secretary

The Clemson Y. M. C. A. is one of the best-known organizations on the campus. Every student, in one way or another, comes in contact with at least one of the many activities sponsored by the "Y"—either through the intramural program, the various means of entertainment at the "Y" itself, or through one of the many religious programs sponsored by the "Y". In the "Y" building there are two theaters, a poolroom, and two clubrooms, which are open for any student or faculty organization on the campus. Every Sunday there are vesper programs presented by local people and guest deputations from girls' schools. During the week the "Y" presents a social program for all companies in the Corps. At these gatherings one company at a time meets at the "Y" for an informal bull session, and songfest, and following that is a movie. The intramural program, under the direction of Mr. Roy Cooper, gives each student the opportunity to participate in athletic events. Indeed the "Y" has earned a place on the Clemson campus.

## Y CABINET

The "Y" Cabinet is composed of the student leaders of all the church groups on the campus, and the outstanding workers on the "Y" Councils. The members work to promote a better understanding among the various faiths, and through their mutual faith to carry out a number of projects promoting inter-church and inter-college cooperation. Their efforts have paid big dividends both to the members and those who have profited from their work.

This year, we had it all figured out—at least we thought so. TANK laid out the book during the summer, so that we could go right to work when school started. The troops fought like mad to buy a TAPS, and with the scrooge, AB, grabbing every available penny; we figured that we could afford a pretty good book. Hair combed, blouses on . . . click . . . and DAVE had his class pictures. After a hell'va lot of rain and a little cooperation from the troops, SCOTTY wrapped-up the MILITARY section. Things were looking pretty bright when HENRY got our heroes, the athletes, represented. About this time TANK decided to do a little of his crazy art work and MAC began to "hold-up" the local merchants for a few ads. We locked FRANKIE in the dark room, and 12,000 photos later, we let him out (GEORGE got away). As the last deadline rolled around, the worst happened; JOHN got the flu, DICKIE got the hives, and everybody else got HIGH—but, we chipped-in and met ALL the deadlines, something unknown to previous TAPS' staffs. DICKIE thinks that he did it all by himself, but "he don't know no more".

It was a great year and we think, a great TAPS, so now we'll try studying for awhile.

# THE TIGER

TOMMY GREEN  
Editor

Every Thursday night, Clemson students spend a few minutes reading "The Tiger", the official students' newspaper, although many hours of sweat and much printer's ink have gone into its publication. First, a thorough scrutiny of "Oscar's" column, followed by a glance at the sports pages and perhaps a hasty scanning of the editorial columns. In so doing, the student body comes to understand better the different phases of college life.

"The Tiger", founded in 1907, is South Carolina's oldest college newspaper and lays claim to the title of "The South's Most Interesting College Newspaper". In addition, it has the largest circulation of any college paper in the state.

## BOBBIN & BEAKER

The "Bobbin and Beaker" was formed in 1939 by the Iota Chapter of Phi Psi, national textile fraternity. From that time this publication has been active on the campus.

The "Bobbin and Beaker" is published by students from Sistine Hall. The greater part of their effort is keeping their readers informed of the latest in the field of textiles. Also contributing to this campus periodical are some of the most renowned men to the industry. It has proved itself many times over to be of great value to the textile majors at Clemson.

## THE AGRARIAN

The oldest technical publication on the campus, "The Agrarian", is published four times during the school year by the students in the Department of Agriculture. It is concerned primarily with the technical problems confronting the student and farmer as a result of the rapid expansion in the field of agriculture. Features of local interest to the students and faculty are also included.

All work is done by students, who in turn train the succeeding staffs. "The Agrarian" has the largest circulation of all campus magazines.

## BLUE KEY DIRECTORY

Each fall Blue Key Society publishes a handbook with complete information on all the students enrolled at Clemson. In this publication may be found the name, major course, home and school address, and post office box of the entire student body. The staff is chosen from members of the society, and their Directory is one of the most useful publications on the campus.

After many long hours of hard work HUGH and BILL finally got out the "Blue Key".

## Y. M. C. A. HANDBOOK

For the benefit primarily of the new freshmen, the Y. M. C. A. cabinet edits a guide to Clemson, listing all the schools, organizations, and means of entertainment found on the campus. The staff consists of men chosen from the ranks of the "Y" Cabinet, who begin their work in the spring so that the book will be ready for distribution when the freshmen enter in the fall. The publication is one of the most convenient aids in orienting the new student to his chosen school.

TURNER, McMILLAN, and McDANIEL "proof" the first edition of the "Y" Handbook".

## There Will Always Be Someone Taking Your Measure

Some measures are taken with a tape but the more important measures of life are taken by the people who size us up, whether it be a sweetheart, a classmate, a son or daughter, or a prospective employer. There is always some keen eye, whether we know it or not, scrutinizing the dimensions not only of our physiques but of our minds, abilities, and characters.

Your training at Clemson has been designed to improve the dimensions of both your mind and character so that when you graduate it can be said that here stands a Cadet foursquare to the world, ready and eager to shoulder the responsibilities which his particular talents and abilities qualify him to assume.

We measure Cadets for uniforms. Our customers measure us in their appraisal of our ability to execute a uniform contract satisfactorily. It will be a never-ending effort on our part to keep our measurements good in the eyes of Clemson.

We salute the Graduating Class and wish you all Godspeed in your chosen field of endeavor.

The Heart Of The Crop  
Is The Seed...

The Heart Of The Seed  
Is The Breeder

Confidence in the integrity and breeding methods of the breeder whose seed you plant is an essential element in successful farming . . . More than 50 years of breeding experience combine with the outstanding performance of Coker varieties to merit fully the confidence of Southern farmers in the purity and quality of Coker's Pedigreed Seed and in the superior methods of Coker's breeding staff. . . . The Red Heart trade mark on every bag of Coker's Pedigreed Seed is your assurance of pure, high quality seed developed by breeders who stake their reputation upon the integrity of their breeding methods.

To the readers of the TAPS:

When looking back over the pages of the TAPS, I began to wonder if the staff recorded for posterity, all of the events that have taken place here at Clemson. It occurred to me that perhaps we had left out some of the little things that will become so important to us in later years, so I shall review the great year that we have been through together.

This was a year of change . . . so we selected as a general theme for the TAPS, symbolism, both in words and art work that would reflect the under-lying spirit of our campus . . . changes . . . and traditions, but traditions that constantly change in form but not in spirit. For that is Clemson—a place for continued growth and expansion.

We started the year with a feeling that we would struggle to raise our grade point ratio a little and kept in the back of our minds the fact that Clemson was getting harder each year. Amid rumors of higher grade point requirements, we buckled down for our first semester.

We could hardly realize how much CHANGE we were in for!!!

Third barracks disappeared after we proudly watched a hard struggle by a surprised construction crew . . . New dormitories began to outline the horizon and Olin Hall, our new ceramics building, was completed; then we began to realize the advantages of new and better buildings. There were sacrifices . . . the troops will never forget the walk to the field house for chow, a move made necessary when first barracks surrendered to an efficient wrecking crew.

All the changes weren't physical ones. With a new Commandant and a new staff we expected the worst, but came up with smiles. Weekends were open for all to enjoy—something never experienced before by the troops—and the campus was empty every weekend . . . After all these years the Clemson men had a chance to "snow" some of the hometown girls.

We constantly grumbled about those "good for nothing rats", who we couldn't quite control without our trusty paddles. Bracing and other forms of discipline were prevalent in the barracks, but were frowned on by most of the upperclassmen . . . Yes, the sound of the rat's running feet, unfortunately, seemed to be a thing of the past.

"Beat hell out of Carolina" could be heard ringing out in the mess hall when football season came around, but those damn Gamecocks lucked up with another victory to highlight the season . . . Ending a mediocre football season we eagerly looked forward to NEXT YEAR with a promising bunch of sophomores to lead the squad. The basketball team worked hard to break even in their games, while we hoped the tracksters would have a successful year . . . At the time we went to press, the baseball team was looking great and we held our own in the minor sports. The Block "C" Club proved that athletics wasn't all work by having a good dance and were planning a larger one to be held in the late spring.

We had our troubles with our social life. The troops just wouldn't turn out for the dances at the first of the year. After much work by the C.D.A. and others, we got out of our rut and had a great dance. With Military Ball-TAPS Junior-Senior being combined into one big weekend, the troops really kicked it out and a great time was had by all.

We looked forward to a Senior dance to be held at the Clemson House on Mother's Day weekend, as a fitting climax to a big year of dances and parties.

Of course the big event of the year was the distribution of the '54 TAPS prior to Mother's Day weekend. For the first time in years the TAPS was presented on schedule . . . an accurate prediction, we hope!!!

I feel that the TAPS has followed its true tradition . . . a yearbook that represents Clemson and one that we can all be proud of . . . A happy but tired TAPS staff wishes to thank all of you for your cooperation . . . Now we can get back home and become reacquainted with our source of inspiration . . . the girls.

Sincerely yours,

*Dickie McMahen*
